June 2017

GROWER VISITS

Wayne and Bob have been out and about trying to stop in and visit with you; some of you they have missed. Please feel free to call the office to arrange a time or to call with any questions or changes you may have. We strive to keep an "open door" policy to our growers.

We are crunching numbers right now to determine the exact amount of your June 30th payment. The checks will be ready at 10:00 AM on Friday, June 30th. We will mail the checks as usual, unless you are on our "picking up check" list.

MARKET REPORT

Since the Subjective Estimate release on May 10, we saw a slight decrease in pricing for a short period. Then prices rebounded almost back to where they were before the estimate and have stabilized without much fluctuation up or down. Basically, we are trying to find words to tell you – not much has changed! Almonds are moving steadily with orders being shipped daily – especially manufactured items. Actually, we have very little left to sell, having reached our shipping goal each month this year. While we would like a poundage carry-in to create manufactured items to sell in September, it could be that we

will be out of product! We are grateful for our new growers this year and the increase in production from our returning growers. If we had not had that increase, we would be "out of almonds" and not able to supply our buyers with the almond products that they have come to rely on. We are honored to receive constant compliments on the Valley Harvest quality. With the added tonnage, we are able to supply buyers with the quality almonds they expect.

Thank you for your continued support. We appreciate each one of you.

GROWER DINNER...AUG 22, 6PM

It is time for fun, food and Valley Harvest fellowship. We are planning our bi-annual grower dinner again for this August! Please mark TUESDAY, AUGUST 22ND, 6:00 P.M. on your calendars. You will receive more information as time progresses towards that date. We enjoy having each of you attend to enjoy a great meal while visiting with your staff and other growers. We will ask you to RSVP so that we are sure to order enough dinners!
