Do you remember the "Three Cup Shuffle Magic Trick"? The trick where one coin is placed under one of three cups, the cups are shuffled for 15 seconds, and then you have to guess which cup has the coin? Well, that's how we believe the 2023 crop will be. Watch the industry shuffle and attempt to guess the winning cup. Although we do our best to guess, only time will reveal the winner. We shall wait and see.
